

USAEC PFAS Site Inspection  
Picatinny Arsenal, NJ

Southern Boundary Off-Site  
Proposed Sampling Locations

- Installation Boundary
- Groundwater Flow Direction
- 0.1-Mile Radius
- 0.2-Mile Radius
- 0.3-Mile Radius
- 0.4-Mile Radius
- 0.5-Mile Radius
- Proposed Sampling Location (Domestic Well) (Mapped via Block & Lot / Address)
- Proposed Sampling Location (Domestic Well) (Potential Location - Field Verification Required)
- SW Sample Above HAL
- GW Sample Above HAL
- Municipal Boundary
- Homes to be Checked

Notes:

- Well 1166 cannot be accurately located, a recon will be conducted along that road to determine if a house is located within the first 0.2 mile.
- Wells 1208, 1235 & 1374 cannot be accurately located, a recon will be conducted in the area where the well is plotted.
- Wells 1098 & 1099, ownership information is not available, a recon will be conducted in the area where the wells are located to determine the owner.

Coordinate System:  
WGS 1984, UTM Zone 18 North
